## VERSE 1

D F#m Bm G  
Like snow falls on broken ground  
D F#m Bm G  
Like autumn leaves swirl around  
D F#m Bm G  
Like roots on a rock take hold  
D F#m Bm G  
Heaven is leaking

## VERSE 2

Like pinhole stars light the night  
Like starling formations fly  
Like northern lights stain the sky  
Heaven is leaking

## CHORUS

D  
Hallelujahs filling up my heart again  
G/B  
As glory radiates from every thing You've  
made  
A  
Dissolves the space between  
Bm G D  
Today and all eternity

## VERSE 3

Like saints sing redemption's song  
Like Love that forgives all wrong  
Like it's been planned all along  
Heaven is leaking

## BRIDGE

G  
One day all death will be destroyed  
Em D  
Forever every void we've known  
A  
Will be filled  
G  
One day our eyes will finally see  
Bm  
The beauty from our dreams  
D A  
And only one word will come  
D F# Bm G  
Hallelujah
